

Dear Pitt -

Ought to have written ^{earlier}
but just did not - Am improving
slowly & visit but can't say
that I think very much
of "Cec" she is wild, and
it takes some firmness on
my part to keep her in
the road - I do not like
her influence over the
two younger girls - and
personally I'd be very glad
if she could find her
own way - She hasn't
one thing to give that

would be superficial - and
is a draw-back - now please
understand me, I am glad that
brought her along just
so I could see her - and
now the big question is
how can we "shed her" -
Of course that might result
in a worse friend, but
yet I'd risk it - there is
nothing worth while in
Cill - Nellie is better
but that is so much above
us that I hate to see them
hanging on by their skirts -
and holding her back.

she could get away better, but
she is such a big crazy
----- and I enjoy so much
that her handfull entering
her guests. - Bought a new
car yesterday to replace the
one smashed up a few days ago.
I have to laugh I just wonder
what Cile thinks of me - because
I have to call her so much, but
hang her, she sho' is going
to behave as at least when I
am looking - Pitt, of course
you know I never dabbled in
society much when a girl and
I may expect too much of girls.
So just use your own judgment
but some how I just do not like
Cile's influence - and I wish
she was free of this larri
outfit - she has too good blood

Is it too late to hinder this
next term of school together?
Henry received his discharge
~~just~~ Monday and declared
himself - at the River Junction
and is up with his people.

The girls are having a
great time and Dorothy
is fine - She has been
over to see papa & sis twice -
and will go again. -

If all would have ^{any}
thing to do with other girls

257-207-700
to drift backwards - — She has
nothing to gain - They can
never go where she can -
Amy does not find that little
refinement in a person that
Herd does - — Now, I want
not to stay just as she planned
and I'll search my head to find
some way to make her see that
Cite is below her, then you will
have such a time separating them
just lot of love again.
